X

Lens and cataract: 20 flashcards

Due date: Sat 7 Nov, 17:00

Estimated duration: 30 min

Category: Study - Ophthalmology

Priority: High

Linked goal: Pass exams with confidence

Status: To do | Doing | Blocked | Done | Dropped

Subtasks

- [x] Review lecture 12 notes
- [ ] Make 20 cards
- [ ] Test recall

Work sessions

Sat 10:15 - 10:45 — scheduled

Sun 10:30 - 11:00 — suggested

Repeat: Does not repeat

Reminder: 30 min before

Save | Cancel | Delete

Delete asks for confirmation and can be undone.

New event

Title: Lecture: Anterior segment

Start: Sun 8 Nov, 08:00

End: 10:00

All day

Location or link: Hall 3 - Faculty of Medicine

Calendar: University timetable

Repeat: Never | Daily | **Weekly** | Custom

On: **S** S **M** **T** **W** T F

Ends: After 14 occurrences (semester end)

Reminders: 30 min before | At start | + add

Prayer anchor check: no overlap. A 10-minute buffer before Dhuhr is respected.

Create event | Cancel

Conflict detected

"Gym: Pull" (Tue 13:00 - 14:00) overlaps "Dentist" (12:30 - 14:00).

Dentist 12:30 - 14:00 (fixed)

Gym: Pull 13:00 - 14:00 (flexible)

Suggested alternatives

Tue 15:30 - 16:30 — Recommended

Free slot, before Maghrib buffer

Wed 13:00 - 14:00

Same time next day, no conflicts

Skip this week

Marked as skipped with a reason

Lecture 14: Glaucoma basics

Studied 3 days ago | Review overdue

Learning objectives

- Classify open and closed angle
- List risk factors
- Explain IOP targets

Files

Lecture14.pdf 2.4 MB

Glaucoma_notes.pdf 0.8 MB

AI summary (from your file)

Primary open-angle glaucoma is a chronic optic neuropathy with raised IOP as the main modifiable risk factor. Angle closure presents acutely.

What the data suggests

Revision blocks run 25% over — Drill down
Plan 45-minute blocks

Thursdays are least productive — Drill down
Keep one empty hour

Workouts follow lectures well — Drill down
Keep the Sat/Mon/Thu pattern

Weekly review (Friday evening)

- [ ] Change revision blocks to 45 min — accept / edit
- [ ] Add a rest evening on Thursday — accept / edit
- [x] Move Study hours to mornings — accept / edit

Only three adjustments are suggested, so the week stays manageable.

Apply accepted changes
